HONDO AND MISSION TO PLAY FOR REGIONAL CHAMPIONSHIP

OWLS AND EAGLES TO MEET AT MISSION TONIGHT

The Hondo Owls will battle the Mission Eagles Friday night attempting to ascend to the throne of honor for which all Class A teams aspire. The Owls will be out to keep up the sparkling record of inter-district competition which has made them feared throughout South Texas. Beginning with 1932, the Owls have won five district championships in those ten years, won four bi-district titles, and two regional crowns. In that stretch they have won 78 games, lost 19, tied 6, and have scored 2,165 points to their opponents' 404.

But records won't count Friday night. The game must be won on the field. Mission boasts the most impressive record of any Class A team in the state. They have won eleven games this season, and have had only one touchdown scored against them. Among their victims are listed Edinburg, Class AA champion of the Valley, and Harlingen and McAllen, two other strong Class AA teams. None of these Class AA teams scored on Mission. They defeated Aransas Pass 19 to 0 to clinch the bi-district crown.

Starting the game for Hondo will be nine seniors: Clinton Britsch and Guido Schweers at end E. J. Williams and John Henry Graff at tackle, Claude and Clyde Schuehle at guard, Ben Mitchell at center, C. C. Dawson and G. H. Finger at the wingbacks. Two other seniors who will see lots of service and may start are L. C. Gilliam and Kenneth Flory. One soph, Tommie Ney, and one junior, Stanley Hollmig, complete the starting line-up. It is quite a co-incidence that August Finger, brother of G. H., was captain of the 1932 team that won the regional championship, that Ted Dawson, brother of C. C., played on the great team of 1934 that won the regional championship. Ted later became captain of the University of Texas team.

Game time will be 8:00 P. M. Friday night. The results will be phoned Carle's Confectionery at the half and at the end of the game. Some twenty-five fans are expected to follow the Owls to Mission.

MISSION IN FIRST REGIONAL CONTEST

MISSION, Dec. 11.—When the Hondo Owls travel to the Valley Friday for the second time in eight seasons, they will face a team with a record similar in many ways to that boasted by the Donna team of 1934, which lost to Hondo 33-0 at Donna in the Regional Championship game of that year.

The 1934 Donna Redskins were undefeated and untied in 10 games when they took the field that day against Coach C. M. (Dutch) Flory's Owls. In their own district 40-B Owls, they had won seven straight games, adding two non-conference wins to boost their season scoring total to 305 points to combined opponents' 51. Prior to meeting Hondo they had defeated Aransas Pass 53-7 in their bi-district game.

The following year Donna beat Taft 21-12 in their bi-district game, then defeated Kenedy 6-0 for regional honors.

This year's Mission club is also a high-scoring array, having run up 287 points in 11 games including

their 19-0 bi-district victory over Aransas Pass last week. But the Eagles have a much better defensive record than Donna's 1934 array. Their 11 opponents have scored only 7 points against the Eagles, that total coming in one game, Mission's 13-7 victory over this year's stout Donna club in the District 40-A race. The Eagles are also undefeated and untied.

Friday night's Region 10 title game at Mission will mark the first time teams representing the Mission and Hondo schools have met on the gridiron. This will be Mission's first regional contest. The Eagles won their district title in 1936, 1937, and again in 1940. But each time they lost out in bi-district play. Since each of the three bi-district losses occurred on the Mission field, the Eagles were not too angry when Aransas Pass held this year's option and took the game to Aransas Pass. Aransas Pass defeated Mission 13-7 in the 1936 game. Robstown took a penetration win in the 1937 game after a 0-0 tie. And in 1940 Alice defeated Mission 7-6.

Coach Bob Martin's Mission team this year boasts a splendid running game. They have averaged a net gain of better than 300 yards per game, principally by rushing; have averaged nine penetrations per game, where all opponents have gained only five penetrations; have averaged slightly over 15 first downs per game to opponents' six; and have an average score of nearly 25 points to less than one point for opponents.

Tommy Landry, captain and quarterback, is the team high scorer, leading the Valley's 15 teams for the season with 111 points. His backfield mate, A. B. Ward, is the Valley's second scorer with 86 points. Ward's total includes 23 successful extra point conversions.

Mission's starting lineup for the Hondo game probably will include the Martin twins, Carroll and Darroll, at right and left ends, respectively; Oakes at left tackle; Mungia at left guard; Mehls at center; Albrecht at right guard; Vera at right tackle; Landry at quarterback; Kintojosa at left halfback; Flores at right halfback; and Ward at full back. Of this starting group, five were All-District selections, being Landry, Ward, Darroll Martin, Albrecht and Mehls. On the second All-District team were Carroll Martin, Vera and Mungia.

THE MISSION EAGLES

MISSION, Texas, Dec. 10.—The Mission High School Eagles, four times district champions during the past five years, will enter their first regional championship game when they meet the Hondo Owls at Thom Burnett Field in Mission Friday night at 8 o'clock. The Eagles have been unable to advance beyond the bi-district game in any of the previous seasons, but last Friday trounced the Aransas Pass Panthers in a 19-0 victory at the Panthers' home field. Mission sent a special train to the Aransas Pass game with some 400 local fans making the trip. The Eagles are completing their most brilliant season as perhaps the best team in the history of the Lower Rio Grande Valley.

The Eagles have massed the amazing total of 366 points during the season to their opponent's 7. The team defeated all of their District 40-A opponents and three of the four AA teams in the Valley with only one touchdown scored against

them. The Donna Redskins were given a touchdown against the Eagles when the referee declared a pass across the goal line completed because of interference. Following the game the officials admitted that they had made an error in giving the score.

Following are the games and scores of the Eagles' season: Edinburg, 12-0; San Benito, 25-0; Raymondville, 27-0; Mercedes, 40-0; Weslaco, 47-0; Donna, 13-7; McAllen, 46-0; Harlingen, 9-0; LaFeria, 14-0 (muddy field); Pharr, 33-0; and Aransas Pass (bi-district) 19-0.

Tommy Landry and A. B. Ward are the star ball carriers of the team, both of whom made All-Valley rating. Darroll Martin, end, Donald Albrecht, guard, Jimmie Mehls, center, also made All-Valley rating.

Bob Martin, coach of the team, has led them through two district championships during the past two years. Martin was a letter man in football at Southwest Texas State Teachers College.

Following is a roster of the Mission team:

OWLS TRIM LIONS 13 TO 0 AND COP BI-DISTRICT TITLE

Last Friday night the Owls again showed their power when they trimmed the Kenedy Lions and copped the bi-district title. The Owls were unable to score in the first half, but they came back fighting in the last half and netted 13 points, holding the Lions scoreless. During the first half, the Owls netted 5 first downs to Kenedy's 0, and 2 penetrations to Kenedy's 0. In fact, during the entire game, the Lions were able to make only 3 or 4 first downs. Hollmig did some good punting and passing as well as running, and Finger also starred in the Hondo backfield. The Owls came close to pay-dirt several times but always bogged up when they reached the 15 or 10 yd. line. They also failed to complete quite a large number of passes that would have, if completed, netted a large number of first downs and possibly another touchdown.

HOGS AND PIGS FOR SALE

Have some Poland China piggy sows and pigs; some full bred Duroc Jersey pigs, all come from registered males.

J. M. EICHHOLTZ.

WE ARE AT WAR

Since the article reprinted elsewhere from December Farming, announcing Japan's attack upon our country, was written Congress has declared a state of war exists between the two countries.

Germany and Italy promptly declared war on this country, following that declaration, and the United States Congress retaliated by declaring war against both those countries.

So we are formally and actively in war—a war that, in so far as Japan is concerned, we have been expecting for more than forty years.

And it came suddenly, adroitly and was aimed at the most vulnerable point within the enemy's reach—as we have feared it would.

No matter how we may have disagreed over manners and means of preparation for just such an occurrence, nor what the consequences of our preparation or lack of preparation may be, we are all agreed that none of us want to be a people subjugated by the yellow race.

That is the issue we face! Death would be more tolerable than slavery to such masters.

And we are all in the same boat.

From now on until the task is finished the chief end and purpose of the nation—and that means all of us individually and collectively—must be to win this war.

We must school ourselves to that Spartan fortitude that is willing to make any sacrifice. And the worst, most unthinkable sacrifice would be loss of victory.

WITH OUR FOLKS IN THE WAR ZONE

With general news of the war in the Pacific coming to us hourly through the press and over the radio, the fact that the United States is actually at war comes home to us. But bringing the war perilously and heart-breakingly closer is the fact that a number of Hondo's former citizens and native-born youths are in the immediate war zone. Some are engaged in civilian work while others are on duty with Uncle Sam's Army and Navy.

Perhaps the oldest in point of residence is John Robert Wilson, brother of Mrs. R. C. Rath and Homer Wilson of Hondo and city manager of the Honolulu Gas Co., who has made Hawaii his home for five years or longer. No word has been received as to his fate in the air raid on Honolulu.

Mr. and Mrs. R. B. Reynolds received a cablegram Thursday from their daughter, Mrs. Thomas Keahey, which said briefly: "Safe. Don't worry. Corinne." The message was cabled Dec. 8th. Mrs. Keahey has been staying at Hickam Field, Honolulu, while her husband, Tech. Sgt. Keahey is in Manila, P. I. His fate is unknown, however, as he has been in the Base Hospital at Manila. He was recovering from injuries sustained several weeks ago when his airplane struck an air pocket and gave a violent lurch which threw him against the side of the plane with such force that he sustained a fractured vertebrae of his neck. Since then he has been in a cast lying flat on his back in the hospital.

Lt. Col. Joe C. Rogers, who has been on active duty both at Schofield Barracks and at Wheeler Field, in Hawaii, is the son of Mr. and Mrs. C. C. Rogers of Hondo. His parents have received no word as to his safety or that of his family, his wife and son, who are with him.

Ervin (Nook) Burgin of the U. S. Navy was with the U. S. S. Oklahoma at Pearl Harbor at the time of the air raid. His parents, Mr. and Mrs. Joe H. Burgin, are anxiously awaiting word from him.

Over in the Philippines is Staff Sgt. W. H. Bendele, who is with the 28th B. Squadron at Clark Field, Pampanga. We were unable to learn whether his parents, Mr. and Mrs. Edwin Bendele, had received any communication from him or not.

The last news received from them by homefolks here was that Jack Speece, son of Mr. and Mrs. R. W. Speece, and Monroe Rucker, son of Mr. and Mrs. L. F. Rucker, are somewhere in the war zone. Jack left Camp Bowie several weeks ago, destination unknown but presumably the Philippines. A letter on Nov. 28th from Monroe said he knew which direction he was going but not where he was going. He is a radio operator on a U. S. Bomber, formerly stationed at Albuquerque, N. M.

Mr. J. M. Eichholtz received word from his son, James H. Eichholtz, to "keep his chin up". He is with the U. S. Navy, with regular station in Hawaii. However he was in San Francisco waiting to return to his post at the time of the blitzkrieg.

Mrs. Myrtle Williams received a telegram Tuesday from her son, Cpl. Lee Dell Williams, with the U. S. Battery division stationed at Fort Bliss, that he was leaving that same

TO VOTE ON COTTON QUOTAS

Medina county cotton farmers will help decide the course of cotton again this year when they vote in a national cotton marketing quota referendum, according to V. P. King, chairman of the Medina county AAA committee.

The decision will be made Saturday, December 13, and one polling place will be set up within the county, the chairman explained, at the AAA office.

While increased production is needed in many commodities in the Food-Freedom program, any increase in cotton will cripple the defense effort because of the enormous supply on hand, King said.

Due to naval and war blockades, export trade has dropped from 6.2 million bales during the 1939-40 season to 1.1 million bales during the 1940-41 season. Export trade for the present season is expected to hover near the 1.1 million bale mark.

As a result of demands being made for cotton in the national defense program, domestic consumption of cotton for the 1940-41 season just ended was the highest on record. Consumption was about 9.6 million bales, which was about 2 million bales above the preceding year.

"Although our domestic consumption has gone up, the increase will not off-set the loss of our former export market," the chairman said.

At the same time Medina county farmers are voting on whether they

want to continue marketing quotas, they will also be deciding the fate of the loan program. Loans are not in effect during the years when marketing quotas are rejected.

Last year, the referendum carried in Medina county when 88.2 per cent of cotton farmers voting approved quotas.

Shipments of poultry and eggs from Texas in September showed marked increases over totals for a year ago. This September's egg shipments totalled 546 carloads, compared with 127 in September for a year ago. Three carloads of turkeys were shipped this September as compared with none in 1940, and 19 carloads of chickens were shipped, an increase of five over the 1940 September shipments.

AN OLD, OLD FAILING

Old mother Martyr, refrain from that frown!
Don't let the sad world get you down.
By simply listening to every sham
That tells you their woes and don't give a damn
For you or anyone else except, self.
So long as they get their pound of pelf.
Turn from their presence and pay no heed—
Mount old Pegasus and spur the steed!
The muse will hail you, a friend indeed.

Safety Assured for Tiny Tourists

Tiny tourists sometimes grow restless on long motor trips and their limitless energy and curiosity require double checking to insure that every safety precaution is being taken by their parents. With the entire rear compartment of the family Chevrolet as his personal playground, this youngster assumes a favorite perch that ordinarily would be dangerous. However, a simple adjustment, easily made by Chevrolet mechanics, converted the rear door handle to a safety-action handle, which "free wheels" and does not open the door. After the lock is adjusted to safety position, as indicated in the inset, the lock button is depressed and the inside handle then will not open the door, rendering it "child-proof." Release of the lock button enables the driver to open the door as usual.

HONDO GIRL IN OPERETTA

With the campus buzzing with talk of national defense, the University of Texas Light Opera Company's production of "The Chocolate Soldier" should be in tune with the times — even though the date of action is 1885.

The operetta tells the story of Lieutenant Bumerli, the Chocolate Soldier, who is a young Swiss officer fighting for the Serbians in their war against Bulgaria. He gets involved with the family of Col. Popoff, of the Bulgarian army — and there his troubles begin to multiply.

The Light Opera Company has been active on the campus for more than a decade, producing at least one operetta each year as well as a spring performance called "The Night of Stars," in which individual songs and scenes from grand opera are presented.

Work on "The Chocolate Soldier" is now at the costume-fitting stage. Members of the company do most of their work of designing and building sets, and those who do not carry title roles in the performance sing in the chorus and work on production problems.

Betty Merriman, fine arts student from Hondo, will play the role of Mascha in "The Chocolate Soldier," which is to be presented during the third week of December. Mascha is the cousin of the romantic young heroine, who falls in love with the Chocolate Soldier.

CHRISTMAS PARTY AT BAPTIST CHURCH

Poinsettias and mistletoe decorated the basement of the Baptist church for a Christmas party Wednesday night at 7:00.

After playing Christmas games directed by Mrs. H. Z. Windrow, the juniors made a picture book of "believe it or not" to entertain sick children in Medina County Hospital; the intermediates packed a box of peppermint, vanilla, lemon, and chocolate fondant, for a shut-in Christmas cheer, and a third group completed three dozen satin sachet bags in soft Christmas colors for girls at Buckner Orphans Home.

Mrs. E. E. Kollman served refreshments of fudge-nut squares, cookies, and hot chocolate.

Guests at the entertainment, which was the first of a series already financed for the new year, were members of the junior, intermediate, and young people's Sunday school department.

**TOMPKINS-KNOPP NUPTIALS
HELD IN WASHINGTON**

The wedding of Miss Evelyn
Frances Knopp, daughter of Dr. and
Mrs. Thomas Bryan Knopp of Hondo,
and Lt. William F. Tompkins, Jr.,
United States Army, son of Col. and
Mrs. Wm. F. Tompkins of Washing-
ton, D. C., took place at 4:30 o'clock
Saturday afternoon, December 6, in
Washington, D. C. The ceremony
was performed in the quaint little
Memorial Chapel at Walter Reed
Hospital, Chaplain E. J. McTague,
U. S. Army, officiating.

Arrangements for the wedding
were extremely simple and most
effective. The chapel had no decora-
tions except the white flowers on
the altar, and only members of the
two families and close friends of the
bride and bridegroom attended the
informal reception following in the
home of Col. and Mrs. Tompkins.

The bride was given in marriage
by Capt. Arthur H. Jungman, of the
Staff and Faculty School, Fort Bel-
voir, Virginia. Miss Marian Hamil-
ton, of Washington, debutante cousin
of the bridegroom, was maid of
honor.

Simplicity also marked the bride's
costume, which was an afternoon
dress of powder blue trimmed with
gold sequins and embroidered with
fine gold braid. Her becoming hat
corresponded and she carried a
bouquet of white roses and snap
dragons.

Miss Hamilton had on a graceful
train of pinkish tan crepe, the draped
sleeve being caught at one side with
small gold tassels. Her hat was
rimmed with two birds to match her
dress, and she carried pink baby
chrysanthemums.

Lt. Tompkins had as his best man
his cousin, Mr. James McCaw Par-
rich of Richmond, Va., who is a
nephew of Col. Tompkins.

After the reception Lt. and Mrs.
Tompkins left on their honeymoon.
Lt. Tompkins recently completed a
special course at Fort Belvoir, Va.,
and had a brief period of leave be-
fore returning to his post in Texas.
Dr. and Mrs. Knopp received a mes-
sage from Lt. and Mrs. Tompkins
Thursday saying that because of the
war situation Lt. Tompkins has been
ordered back to duty at Camp
Bowie, Brownwood, Texas. They
will reach Hondo about Monday and
will spend several days with Mrs.
Tompkins' parents here.

The bride is a graduate of Hondo
High School, and attended Linden-
wood College, St. Charles, Mo., and
her Lady of the Lake College, San
Antonio, Texas. She is a talented
pianist and a member of Sigma
Alpha Iota, national music fraterni-
ty. Lt. Tompkins is a graduate of
Tulane University, New Orleans, La.,
and is a member of Phi Kappa
Sigma and Tau Beta Pi fraternities.

From out of town at the wedding
were Mrs. Thos. B. Knopp, mother
of the bride, of Hondo; Dr. James
McCaw Tompkins and the Misses
Debia and Nellie Tompkins, brother
and sisters of the bridegroom's
father, Mrs. Alfred F. Bensiger of
Tuxedo Park, N. Y., sister of the
bridegroom's mother; and Mr. and
Mrs. John Parrich of Richmond, Va.,
brother-in-law and sister of the
bridegroom's father.

Several pre-nuptial courtesies
were extended Mrs. Tompkins fol-
lowing her arrival in Washington.
Mr. and Mrs. George E. Hamilton,
Jr., parents of the maid of honor,
entertained with a party at 4:30
Friday afternoon at their estate,
"Stone Ridge," at Bethesda, Mary-
land. A luncheon was given by Gen.
and Mrs. Fleming Saturday in their
Washington home.

RECENT BRIDE HONORED

Mrs. Kent Baumgarten, who wa-
siss Ina Joyce Brucks before her
marriage in November, was honore-
d at a pretty shower and tea Sunday
afternoon from 2 to 5 o'clock, at the
home of Mrs. Mrs. A. H. Schweers.
Hostesses were Mesdames Schweers,
R. C. Sheffield, Milton Heyen, Ar-
thur Brucks, Leroy Lehmberg, John
Neuman, John Brucks and Jim Jen-
kins.

The Christmas motif was carried
out in all the decorations and table
appointments. In the living room
white chrysanthemums and red
Turk's caps were arranged in vases
and on the coffee table a blue star-
candle burned. The honoree receiv-
ed with Mrs. Schweers and with her
mother, Mrs. Joe Brucks. Mrs.
Baumgarten wore a crepe dress in
two shades of blue and a corsage of
white chrysanthemums. Mrs. Brucks'
dark dress was set off with a cor-
sage of yellow chrysanthemums, and
Mrs. Schweers in black and pink had
orchid chrysanthemums as a corsage.

Miss Frances Bendele was in
charge of the bride's book. Alternat-
ing in presiding over the tea
table were Misses Rose Mary Finger,
Dorothy Grell, Stella Grell and Jer-
line Stiegler. The girls also enter-
tained with several songs and Mrs.
Alfred Brucks played the organ.

The refreshment table in the din-
ing room was laid with a lace cloth
and centered with a dark green bowl
holding a mass of white chrysanthem-
ums and red poinsettias. The center-
piece was flanked by crystal
pendant candelabra which held light-
ed red tapers. A crystal bowl of the
red and white flowers and umbrella
fern adorned the buffet and was
flanked by two crystal hurricane
lamps holding red tapers. A large
red Christmas candle on a table also
lent a soft glow to the candle-light-
ed room. Refreshments of chicken
sandwiches, cookies, candy and cof-
fee were served.

The hostesses were attired in
street-length frocks, with beautiful
flower corsages. Mrs. John Brucks
wore white chrysanthemums; Mrs.
Arthur Brucks had orchid chrysanthem-
ums, while Mrs. Jenkins, Mrs.
Neuman and Mrs. Lehmberg wore
combinations of orchid and white
chrysanthemums. Mrs. Heyen's
corsage was of red carnations and
yellow roses.

A large group of friends called to
extend best wishes to the bride.

THE EDITOR'S TURN-ROW

THE WAR HAS COME

FORMS FOR THIS PAPER WERE MADE UP WHEN THE NEWS BROKE THAT JAPAN HAD ATTACKED OUR COUNTRY—INVADED OUR TERRITORY, SPILLED AMERICAN BLOOD!

IT IS WHAT WE HAVE EXPECTED EVER SINCE THIS COUNTRY ASSUMED CONTROL OF THE PHILIPPINES; THAT'S WHY WE OPPOSED IMPERIALISM AND FAVORED GETTING OUT OF ASIA.

IT CAME SURREPTITIOUSLY TREACHEROUSLY, AS WE EXPECTED! THAT'S WHY WE OPPOSED THE NAVAL AGREEMENT WITH ENGLAND, JAPAN ET AL. WHEREBY WE DESTROYED CERTAIN UNITS OF OUR NAVY, UNDER HARDING'S ADMINISTRATION, AND HAD SINCE NEGLECTED TO ENLARGE IT.

WHEN OTHERS TALKED DISARMAMENT, WE CRIED, AS A VOICE IN THE WILDERNESS THAT SO LONG AS THERE ARE "BULLIES" AMONG THE NATIONS IT BEHOVED US TO CULTIVATE A SUPPLE TRIGGER FINGER AND KEEP OUR POWDER DRY.

WE ARE CONFRONTED NOW WITH A CUNNING, TREACHEROUS WAR-LIKE ENEMY WHOSE EARLY AGGRESSIVENESS AT HIS FIRST STROKE HAS PROVEN WHAT TOO MANY DOUBTED—THAT OUR FAR SPREAD TERRITORY CAN BE INVADDED; THAT IS WHY WE HAVE CONSISTENTLY CONTENTED THAT WE SHOULD ARM AND EQUIP OURSELVES AND NOT WASTE OUR MEANS ON PEOPLES OF OTHER COUNTRIES; THAT IS WHY WE HAVE OPPOSED WASTING OUR SUBSTANCE IN NEW DEAL EXTRAVAGANCES.

SO, INSTEAD OF UTILIZING THIS SPACE IN WISHING YOU A CHEERFUL, MERRY CHRISTMAS AS WAS OUR WONT TO DO, WE CAN ONLY JOIN YOU IN HOPE—HOPING THAT WE ARE NOT AS ILL-PREPARED AS WE FEAR WE ARE AND THAT OUR ENEMY IS NOT AS POWERFUL AS HE THINKS HE IS.

WHEN ALL ELSE IS GONE—HOPE FOR THE BEST—STILL REMAINS! AND THE STERNEST SCHOOL IS THE ONE IN WHICH WE MUST SCHOOL OURSELVES TO SACRIFICE!

WE MUST SCHOOL OURSELVES FOR ANY SACRIFICE!

THAT HOPE AND THAT ADMONITION WE GIVE YOU FOR OUR CHRISTMAS GREETINGS!

STEPS ALONG THE ROAD TO WAR

The following editorial is so much to the point, covers the subject so thoroughly and so succinctly that we give it the space usually devoted to our own thoughts.

One of the most trenchant statements on the underlying dangers of the interventionist foreign policy that we have seen has been written by Myles Standish, direct descendant of the colonial warrior, veteran of the World War, and the head of a thriving advertising business in Providence, R. I. Mr. Standish's crisp, straight-from-the-shoulder analysis of America's role in the world today, which he calls "Design for Democracy," was written in a brave attempt to rouse the populace of his own Rhode Island.

He rolls out his heaviest artillery for a direct assault on the hypocrisy which has attended every step on that tortuous road which has now brought America to the brink of war. He marks the steps along that road—repeal of the arms embargo, the transfer of 50 destroyers, Lend-Lease, patrols, "shoot-at-sight," et al—and then he recalls how much the language used to induce support of each step resembled the language of that master of hypocrisy and double talk, A. Hitler.

"This much I want and no more," shouted Hitler, "Thus far shall I go and no further." And so has run the interventionist refrain, "Pass this bill and it will keep us at peace." "This far we are going in aid to Britain and no further."

Fear and Hatred Confuse and Obscure

Mr. Standish has nothing but scorn for the intolerance in the interventionist camp, and here he touched a subject that has intrigued us for a long time. For him "anger, name-calling, and personalities have no place in the formulation of decisions upon which the fate of a great people may hang." "Fear and hatred may be necessary for waging war," he concedes, but they do nothing but confuse and obscure when vital issues must be resolved.

"I question neither the motives nor the integrity of those who oppose our position. I state clearly the grounds of our disagreement with them. We cannot and will not permit them to answer our facts and reasoning with attacks upon our character or motives, for this allows them to evade the issues. If our reasoning or facts are unsound, it can be demonstrated, and we will admit our error. Until it is so demonstrated, in-

tolerance, anger, and personal attacks must be interpreted as a confession of weakness and defeat on the part of our opponents.

"The American public is divided, confused, suspicious, and frightened. People who are to be taxed to the hilt to establish the 'Four Freedoms' throughout the world are literally and actually afraid to speak their minds today in these free United States for fear of government, economic, or social reprisals. The seeds of dictatorship are here now. A little more acquiescence and timidity in the people, a little more power and intolerance in our government, and freedom of speech, freedom of the press, and free enterprise will soon be hollow phrases, wistfully cherished memories of happier days and bolder men."

Hymns of Hate Rival Nazi Methods

Mr. Standish has touched one of the weakest points in the interventionist armor—the corroding intolerance which is breaking all bounds. Scores of interventionist publications reach our desk every week, and one need only glance through them to see how many are hymns of hate rivaling in ferocity and character-assassination the most contemptible of the Nazi smear sheets.

Here is a pro-war paper which pretends to call itself a mouthpiece for "Democratic Action," its pages drip with venomous diatribes against everybody—literally everybody—who has taken a position against war. Every opponent of intervention is a member of a gigantic and sinister conspiracy whose only objective is to deliver the country over to Hitler. Even a Democratic attack or Mayor LaGuardia's New York sales tax—part of the current mayoralty campaign there—becomes part of the underground plot to split the morale of the nation!

Personalities Rather Than Issues

And here is another publication wondering in black headline type "Does America First Favor Hitler First?" Until June 22 this sheet was indifferent to the national debate on foreign policy. But on June 22 Hitler turned his murderous legions eastward to Red Russia, and in the three and a half months that have followed, this publication has worked itself up to such a hysterical state that it is bound to finish among the first 10 in the dirt derby.

In many of these publications you will search in vain for any reasoned refutation of the arguments advanced by non-interventionists. A whole series of articles will be devoted to trying to prove that so-and-so has a "fascist personality" but nowhere is there the slightest inclination to stand up and debate the issues.

It is this type of interventionist that Myles Standish was talking about when he said that "we cannot and will not permit them to answer our facts and reasoning with attacks upon our character or motives, for this allows them to evade the issues." He scored a direct hit when he said that intolerance, anger, and personal attacks must be interpreted as a confession of weakness and defeat on the part of our opponents.

—M. H. R. in October 18th Progressive.

THE FARM DEBT

Since World War I U. S. farmers have worked, voted, fought to get back the purchasing power they were able to earn from 1909-1914. In that period the farm population—now 25 percent of the total—received as much as 15 percent of the national income, according to DPMA News.

This month farm prices approached parity. Into farm pockets was flowing almost as much money as in any year since the crash of 1920-21.

Yet there was no rejoicing. Scarcely a farm editor or a farm leader paused to comment on the occasion. For, overhanging U. S. farm population is a real estate mortgage debt equal to fully 70 percent of this year's estimated gross farm income: 7 billion dollars.

In banker's journals all over the country were tucked away inestimable figures on seed loans, chattel mortgages, all in addition to the 7 billion with which farm profitability is already hamstrung.

As the day of parity approached this month, there approached also the day when sizeable payments must begin to whittle away at the principal of these debts.

The mistakes of the last wartime period must not be repeated. Farmers must make more of this year's parity than just a good year's income. They must reduce the indebtedness. They must restore their credit standing, prepare themselves and their business for whatever is to come when World War II is over.

As ghastly as the days and months ahead may be, not even the most Fascist war-mongers in Washington can wreck the future of America. THE POLICIES OF THIS ADMINISTRATION MAY TAKE A FRIGHTFUL TOLL IN LIFE AND LIBERTY AND TREASURE, but this America of ours is strong enough and great enough and rich enough to build anew—to make the dream of economic security and the pursuit of happiness again come true.—Philip F. LaFollette.

RING OUT YE BELLS

Ring out, ye bells of Christmas tide,
Ring out your message far and wide
O'er mountain, valley, plain and sea,
Ring out your clear sweet melody.

Ring out ye bells from every tower
Proclaim to Earth the midnight hour.
The Dove of Peace is hovering there
Men 'round God's altar kneel in prayer.

For on this night is born the Christ
Who gave His life a sacrifice,
Ring out to shepherds of the hills;
The vault of Heaven your music fills.

Ring out ye bells to Bethlehem's Star
That was by wise men seen afar,
Ring music with the angel's wing,
They to the world good tidings bring.

Ring out and change the manger bed
Into a Heavenly throne instead.
The ivy on the chapel walls
Stays fresh and green though white snow falls.

Ring out, ring out, this Christmas night;
The whole earth gleams with Holy light.
Ring out, sweet bells, your joyful chime
For this is "Merry Christmas" time.

—LILLIAN ROSAMOND HAMMOND.

CHRISTMAS EVE

The crimson of berries
On shining leaves
The candle's bright gleaming
Through Christmas wreaths.

The drift of soft snow-flakes
On brittle air,
And fragrance of cedar
Now everywhere.

The last minute shoppers
With loads of toys,
And bright, eager faces
Of girls and boys.

The trees gaily flashing
Across the snow,
Where freedom and laughter
Leave hearts aglow.

—MABEL G. AUSTIN.

CHRISTMAS MEMORIES

Christmas time, my, how I love it
How it stirs my heart anew
Bringing you and years fresh to memory
All the things we used to do,
Trimming the tree when the children were little.
Slipping quietly up the stair
Tucking covers around the youngsters
Counting to see if our loved ones were there.

Finding and filling each plump little stocking,
Placing the star at the top of the tree,
Oh, the joy of the memories of Christmas
With our grandchildren gathered about my knee,
Keeping alive dear old sweet memories,
Bringing loved ones together once more,
Laughter and singing-bright candles burning,

Almost I see you slip in through the door.
I remember too, how you read the old story,
Of shepherds tending their sheep by night.

And I tell it again to our little grandchildren
As they gaze on the tree and the star so bright,
And I know, as long as there is a Christmas

This old world can not go far wrong.
Hark! I hear carollers singing:
"JOY TO THE WORLD—A SAVIOR IS BORN."
—ANNIE L. TOWLER.

TOYS

We bought him a tractor,
A ship that could sail,
A clever mechanical toy,
An aeroplane that ran
With a twist of the tail,
For he was our one little boy;

We bought him a pony
With long flowing mane,
A bridle with silvery gleam,
And a number of other nice things that we thought,
Would fulfill a little boy's dream.

He left them in idleness
Out on the lawn,
Each blessed new shining thing,
And shouted with joy
On a broom stick steed,
While he waved some spools
On a string.

—EUNICE CLEMENT HYATT.

SUFFER LITTLE CHILDREN

"Suffer little children", so the Master said,
"Let them come unto Me" . . . and His critics fled
Silent, without answer . . . they were steeped in sin;
While His arms were opened; little ones came in.

All the cares and sorrows that beset the day
From the Master's shoulders softly fell away.
Purity of childhood, simple and sincere,
Greatest in the Kingdom . . . children small and dear!

"Suffer, little children" is the cry today
In this world of sorrow, where grim war holds sway;
Millions yet unborn will feel its crushing blight,
Doomed to live in darkness, with no hope or light.

Father, Thou who dwellest in each humble breast,
Hear Thy loved ones crying, grant them peace and rest;
Suffer little children to enjoy life's day . . .
Childhood is so transient . . . let them romp and play!

—INA L. MELLICHAMP.

CHRISTMAS PRESENTS

Wrapped in tissue paper,
Scarlet, white, or green,
How the children caper
When the gifts are seen!

Tied with ribbon shining,
Silver, purple, blue,
Cheerful tints combining,
Pleasing, meet the view.

Packages of every kind,
Every shape and size,
Children of all ages find
Each one holds a prize.

—FANNY HAZELTON BAKER.

CHRISTMAS 1941

Father Time spins the wheel
Swift seasons fly past;
While planets rock and reel,
Christmastide comes fast.

We need no explanation,
Keep the story just the same:
Never let it, in our Nation,
Be called by another name.

—MONTA WEST KIRKCONNELL.

THE CHRYSANTHEMUMS' STORY

We are proud chrysanthemums;
Proud that many call us Christmas flowers
Since that day in old Judea
When a sister-blossom nestled
In the bosom of the Christ-child.
Hearken to our glad story.
"Night fell early as three Wise Men Entered Bethlehem, their faces Showed dismay as did their utterance."

"Strange", said they, "How quiet the village,
No throngs shouting acclamation,
Is it thus they greet a new King?"
Suddenly the one called Melchior Paused, then bending, plucked a flower.

Saying, "See'st? a yellow blossom Patterned as the star we followed Over the Judean plains."
As he rose a radiant angel Barred their way, its finger pointing To a cattle-trodden bypath.
"Canst this be a royal birthplace?" Muttered Casper (as they followed Along the trail) "this humble stable?"

But they entered, carrying presents.
Our dear little sister-blossom Still clasped by the one called Melchior.

And the blessed Christ-child saw it,
Reached for it, His tiny fingers Held it closely to His bosom,
Our ecstatic little sister Sparkled in reflected glory In HIS ARMS. Do you then wonder We are proud to tell the story?

—ELLIE WILCOX BURT.

OH RING THE BELLS OF CHRISTMAS

A million scintillating jewels gleamed
Upon the breast of music-haunted night

And shepherds keeping watch-care of the flocks
Were startled by the sudden, golden light

That blazed in glory from one glittering Star
While angels sang of Christ, The Savior's birth

In that low stall, where sheep and cattle lay
Unmindful of this priceless Gift to earth.

Oh ring the bells of Christmas—sing again!
He comes to earth with healing in His wings;

The same blest Child, who slept on Mary's breast
Is unto us, The Lord and King of Kings!

—KAY McCULLOUGH.

THANKSGIVING

Every day should be Valentine's Day,
Every day—forgiving.

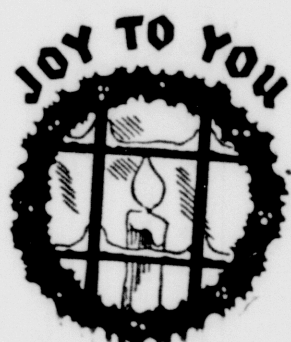

Every day should be Christmas Day,
And every day—Thanksgiving.

Washington Snapshots by JAMES PRESTON

The priorities system is on its way
out. It is being superseded by a
new arrangement designed to correct
the shortcomings of priorities and to
allocate strategic materials more ef-
fectively.

The priorities system is based on
a simple proposition that first
things come first. Certain defense
projects and foreign orders which
the government deemed most impor-
tant are given preference ratings.
These serve as notices to the supplier
of raw materials that such orders are
to be filled first. This is to be done
by withholding or deferring delivery
on other contracts and orders.

The trouble is that soon everyone
is holding preference orders, and
that jammed up the works. Under
the allocations system—now being
shipped into shape—all the emphasis
is placed on actual delivery of goods
where they are most needed. SPAB
is working out a 1942 production
program for each industry. When
that is done the OPM will have to
devise a system for handling raw
materials so that the industries can
fulfill these programs.

In line with this change, another
organization of SPAB is due short-
ly. This will mean more centralized
authority in the hands of Executive
Director Donald Nelson. Those who
have been working with Mr. Nelson
will find that if anyone can make the
new allocations program work, he
can. For the most part, Washing-
ton business men are cooperating to
further allocations, for it is general
opinion that this is the best solution
of the problem. Many, however, are
reserving judgment, aware that al-
locations raise new problems not met
under the priorities system.

There is a general feeling that the
allocations system, once the emer-
gency need for it is over, offers a
back door to planned economy. No
one speaks of it that way yet, but
with the Administration and business
recognizing the possibility of danger,
Senators and Representatives are
warning of the major alterations to
the economic system that are loom-
ing. It is said, privately, that the
United States Government is em-
barking, via the allocations system,
upon its boldest venture in the field
of Government-controlled economy.

Although there is no indication
that government officials intend to
use the allocations system in this
manner, it is admitted that such a
possibility is not too remote in view
of the published thoughts of New
Deal leaders and the endorsement
which the Philip Murray plan for in-
dustrial councils has received from
some of the Administration men. It
would certainly be in keeping with
New Deal philosophy.

In some quarters it is predicted
that consumer rationing is the next
step. Under the allocations program
government officials are able to de-
termine what industries may oper-
ate; and, when necessary,
what industries must cease to oper-

ate. Under the guise of conserving
materials, the Government will be
able to undertake studies of con-
sumer needs and through allocations
shape a policy for industrial pro-
duction, and, directly or indirectly,
for civilian consumption designed to
meet what Washington officials
think the country should have.

Much suspicion is directed at the
change in status of the Army and
Navy Munitions Board. Up to the
present, this Board has been able to
determine its own priorities and
thus regulate the size and produc-
tion speed of its own program. Now
it must appear before SPAB and, in
the same manner as any industrial
group, apply for its materials. Many
Army and Navy men have expressed
their displeasure with the new ar-
rangement in private. No public
statement has been made.

Questions as yet unanswered are
whether allocations will be given to
an industry as a whole or
whether, as now appears to be the
plan, they will be based on the re-
quirements of individual units;
whether a yardstick will be estab-
lished at the outset; what the posi-
tion of the Industry Advisory Com-
mittees will be in the new arrange-
ment; whether there is any degree
of assurance that the promised ma-
terials will be delivered; and how
long it will take to decide a par-
ticular allocation problem once an
industrial branch has developed a
program.

NATIONAL GUARD ENLIST- MENTS AUTHORIZED

Enlistments and reenlistments for
units of the National Guard of the
State of Texas, while in active Fed-
eral service, have been authorized in
accordance with War Department
policy for preserving organization
entity of the National Guard, it was
announced today by General J. Watt
Page, Adjutant General of Texas
and State Selective Service Director.

General Page stated that the fol-
lowing policies have been establish-
ed in regard to such enlistments and
reenlistments:

1. Upon completion of their
normal term of enlistment in the
National Guard of the United States,
enlisted men of a National Guard
unit in active Federal service may
reenlist in their present unit in a
dual status as members of both the
National Guard and the National
Guard of the United States.

2. A selectee assigned to a Na-
tional Guard unit of his home state
may, if qualified, be enlisted in such
National Guard unit in a dual status
as a member of both the National
Guard and the National Guard of the
United States in active Federal ser-
vice; all such men to be required to
serve a minimum total of twelve
consecutive months in active Federal
service. Furthermore, selectees sent
from replacement training centers as
fillers for a National Guard unit will
be, as far as possible, registrants of
the home state of the National
Guard unit concerned.

3. Qualified men who have been
discharged or released from Federal
service after one year's active duty
may enlist or reenlist in their home
community National Guard units in
active Federal service in a dual
status as members of both the Na-
tional Guard and the National Guard
of the United States.

Enlistments and reenlistments for
a National Guard unit in active Fed-
eral service will be limited to the
number necessary to keep the unit at
peacetime maintenance strength, as
provided in National Guard tables of
organization. General Page said
adding that the combined strength of
the personnel of a National Guard
unit in active Federal service and of
its personnel who have reverted to
and are remaining in a state status
(in the State Detachment pending
return of their units to home sta-
tions) will be limited to the peace-
time maintenance strength of the
unit.

General Page also pointed out that
Officers who are being relieved from
active military service because of
overage in grade may retain their
federal recognition as National
Guard Officers and their commis-
sions in the National Guard of the
United States by making application
for transfer to the Inactive National
Guard.

"There is nothing mandatory
about this provision," General Page
explained, "and if an officer relieved
from active duty because of over-
age in grade desires to sever his
connection with the National Guard
of his State and the National Guard
of the United States, it is his right
and privilege."

According to sports writers, nothing
is staler than yesterday's news
except the football team which won
all but yesterday's game.—Pathfinder.

the Owls' 2 yd. line, and Finger brought it back to the 29 yd. line. On the first play Hollmig made 6 yds. Then the Owls fumbled but Finger recovered for a 2 yd. loss. Hollmig then made 3 more yds. and punted to the Hondo 48 yd. line, a punt good for only 11 yds. After failing to gain, the Lions punted out on the Owls' 8 yd. line. Dawson then made 3 yds. and Finger made 4 more. On third down Hollmig punted to the Kenedy 40 yd. line, and it was returned to the Kenedy 47. Again the Owls line held and the Lions were forced to punt. Ney returned the punt from his ten to his 24 yd line. Together Hollmig and Ney netted 6 yds. and then Hondo was penalized 5 yds. for delaying the game. A complete pass to Dawson was good for 5 yds. Again Hollmig punted to the Kenedy 36 yd. line. After gaining 8 yds., the Lions punted back to the Owls' 23 yd. line. Hollmig was penalized again for backfield in motion. Hollmig then smashed the line for 7 yds. After failing to complete a pass to Dawson, Hollmig quick-kicked to the Kenedy 33 yd. line. Time for Kenedy. The Lions were able to gain only 8 more yds. and they punted back to the Hondo 20 yd. line. On the first play Dawson tore loose for a 23 yd. gallop to the Owls' 43 yd. line. After Finger had made 4 1/2 yds., Hollmig tossed him a pass for another first down. The Owls failed to complete the next pass, and the following pass was intercepted by a Kenedy player on his own 45 yd. line. The Kenedy team failed to make any yardage so they punted. It was a very poor punt, going out of bounds on the Owls' 48 yd. line. Finger made 2 yds. as the first quarter ended with the ball on the 50 yd. line in possession of the Owls.

2nd Quarter

After failing to complete two passes, the Owls punted out on the Kenedy 11 yd. line. In punting out of this danger zone, the Kenedy punter got off another bad punt to his own 24 yd. line. Incomplete pass. A complete pass then netted Hondo 9 yds. to the 15 yard line. Hollmig then made a first down on the Lions 9 yd. line. Dawson then failed to gain. Finger made 4 more yds. to the Kenedy 5 yd. line. Incomplete pass. Finger then lugged the ball to 2 yds. from pay dirt, but the ball went over to Kenedy on downs. Kenedy gained 5 yds. on two tries, but was penalized 5 yds. for too many time outs. Kenedy then punted to the Owls' 40 yd. line and Finger returned it to Kenedy's 30 yd. line. Hollmig then lost 1 yd. Ney netted a first down on the next play, and then Hollmig came back to gain 5 more yds. On the next play Hollmig failed to find an open receiver and was thrown for a 13 yd. loss. After the Owls failed, to complete two more passes, the ball went over to Kenedy on their

We certainly welcome our visitors. Mrs. H. E. Haass of the Hondo Ladies' Aid Society, Mrs. Geo. Hodge of San Antonio, and Mrs. K. Clark of San Antonio, Texas. own 26 yd. line. In three tries the Lions gained only 5 yds., so they punted to the Owls' 42 yd. line. After losing 1 yd., Hollmig quick-kicked out of bounds on the Kenedy 25 yd. line. On the third down the Lions punted to the 50 yd. line. Finger was good for 3 1/2 yds. on the first play. Then Hollmig netted 12 more yds. and a first down. Hollmig failed to gain, and then Kenedy intercepted a pass on their own goal line and returned to the 12 yd. line. The Lions again made 8 yds. before they were forced to punt to Hondo's 45 yd. line. Finger returned the punt to the Lions 45 yd. line as the first half ended. Score: Hondo, 0; Kenedy 0.

3rd Quarter

Kenedy kicked off to the Hondo 35 yd. line where it rolled out of bounds. On the first play Finger made 3 yds. and then Hollmig netted a first down. Ney made 4 more yds. and in turn Hollmig made 3 more. Then Finger got loose for another gain and another first down. The Owls failed to complete a pass on the next play, but Hollmig carried on the following play and made 7 yds. Ney scurried around right end for another first down. After Hollmig made 2 yds., Finger was unable to gain; and then the Owls failed to complete two more passes, consequently, the ball went over to Kenedy on their own 25 yd. line. The Lions were able to make one first down before the Owls held tight and kept them from gaining any further. Then they punted to the Hondo 20 yd. line and Finger brought it back to the 36 yd. line. Hondo was then penalized for off-side. The Owls then completed a pass to Dawson for 25 yds. and a first down. Ney was good for 9 additional yds. Finger then netted another first down. Time for Kenedy. Hollmig then tossed a pass to Finger for the first score of the game. Finger failed to convert.

Hollmig kicked off to the Kenedy 10 yd. line, and they returned it to the 27 yd. line. After losing 6 yds. Kenedy punted to their own 44 yd. line. A complete pass to Dawson netted 8 1/2 yds., but then Finger lost 1 yd. On the next play Finger exhibited some of his skill when he made a "spectacular" one-armed catch while leaping high into the air and then netted another first down for the Owls. Dawson was good for another 5 yds. and Kenedy was penalized for off-side. Kenedy again intercepted an Owl pass on their own 24 yd. line and succeeded in making another first down.

4th Quarter

After making 5 additional yds., Kenedy punted to the Hondo 21 yd. line and Finger returned it to the 38 yd. line. Ney made 3 yds. and then Hollmig lost 1 yd. Hollmig got off a good quick-kick on the next play to Kenedy's goal line. The ball was brought out to the 20 yd. line. Being able to net only 5 yds., Kenedy punted to the Hondo 34 yd. line where the ball was killed. Finger then broke loose for another first down. Dawson added 4 more yds. Hollmig lost 1 yd. through center. Time for Hondo. On the next play Hollmig

tossed a long pass to Finger who was running on the Kenedy 20 yd. line, and then Finger galloped on over the goal line for another score for the Owls. Finger then converted for the extra point.

Hollmig again kicked for the Owls to the Kenedy goal line, and the ball was returned to the 14 yd. line. Hondo was off side on the kick-off, but Kenedy refused the penalty. On the first play, Hollmig intercepted a Kenedy pass on the Kenedy 38 yd. line, but then Hondo fumbled and Kenedy recovered on the Hondo 46 1/2 yd. line. Kenedy then lost 10 yds. on an attempted pass. After three incomplete passes the ball went over to Hondo on downs. Hollmig for no gain. Then Kenedy intercepted a pass on their own 49 1/2 yd. line. Time was called for Kenedy. On the next play Hollmig intercepted a pass on his own 39 yd. line. Finger for 4 yds. Hollmig for 4 yds. Then Finger made a first down. Hollmig gained 4 on the next play. Then Dawson gained 7 1/2 yds. on the next play. Finger then again made a first down. Hollmig then was good for 2 yds. Then a pass was complete to Finger on the Kenedy 14. This was good for a first down. Dawson then gained 3 yds. and this ended the game. Score: Hondo, 13; Kenedy, 0.

M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 19th day of January, A. D., 1942, at or before 10 o'clock A. M. before the Honorable District Court of Medina County, at the Court House in Hondo, Texas.

Said plaintiff's petition was filed on the 5th day of Dec., 1941, at 2 o'clock P. M.
The file number of said suit being No. 3746.

Flowers, and Carlton Flowers, as Plaintiffs, and Luby F. Flowers, R. M. Flowers, a minor, Annie Frances Flowers, a minor, Bernice Flowers, a minor, being the widow and only children and heirs of H. H. Flowers, Deceased, Frada Jones Barlow and husband — Barlow, sole heir of John Jones, Deceased; Ira J. McCullough O. J. McCullough Mrs. Meddie Jones, a feme sole, Sue Johnson, a feme sole, Carr Johnson, Robert Johnson, a minor, and his mother and guardian, Mrs. F. S. Garrison, Lucile J. Parks and husband, P. S. Parks, Zulah Johnson and husband Joe Johnson, and John Garland Flowers, as Defendants.

The nature of said suit being substantially as follows, to wit: Trespass to try title and for partition of 320 acres of land, more or less being the North half of Survey No. 752, Geo. E. Harrison, and 106 acres of land, more or less, out of Survey No. 756, Geo. E. Harrison, situated in Medina County, Texas, acquired by Emma Butts Johnson, deceased, by inheritance and/or devise from her deceased parents, M. J. Butts and Amanda Butts, deceased.

It being alleged in plaintiff's petition that the said Emma Butts Johnson preceded her husband, Tom M. Johnson in death; that both of them died intestate; that each of them owned property individually and separately; that the said Tom M. Johnson during his said wife's lifetime used funds from her separate property for the benefit of his separate property, and by reason thereof she acquired a claim or equity in such separate property of the said Tom M. Johnson; that after the death of the said Emma Butts Johnson and husband, Tom M. Johnson, there was an understanding and agreement between the said "Butts Heirs" and the "Johnson Heirs", as designated and named in plaintiff's said petition, whereby it was agreed that the said "Johnson Heirs" would not assert any claim to the Emma Butts Johnson lands, above described and the "Butts Heirs" would not assert any claim or equity in the Tom M. Johnson separate property; that in accordance with such agreement a part of said Johnson Heirs have conveyed to the said Butts Heirs such interest in the above described lands that they may have therein, but that others of said Johnson Heirs, who are defendants in this suit, failed to make such conveyances to the said Butts Heirs; that a partition suit was filed and prosecuted to judgment by said Johnson Heirs in the District Court of Medina County, Texas; that the Butts Heirs on account of their aforesaid agreement had failed and declined to intervene in said partition suit and set up any claim or equity in said Tom M. Johnson separate lands; that by reason of such act on the part of said Butts Heirs to assert any claim or equity to said lands, the said Johnson Heirs who are parties to this suit are now estopped from asserting or claiming any interest in the land herein described as belonging to the Emma Butts Johnson estate.

It is further alleged that if the Johnson Heirs, who are parties to this suit, are not entitled to any interest in said land, that in the partition thereof the said Butts Heirs would be entitled in the following proportions of such lands, to-wit: That plaintiffs H. W. Butts and Julia Catherine Butts would be entitled each to one-fifth part thereof; that plaintiffs Evelyn Greely, Effie Highsmith, Erie Tomerlin and Vida Mueller would be entitled jointly to a one-fifth part thereof; that plaintiffs May Jones and R. M. Jones, and defendant Frada Jones Barlow would be entitled jointly to a one-fifth thereof; that plaintiffs A. J. Flowers, R. L. Flowers, Hubert F. Flowers and Carlton Flowers and Defendant John Garland Flowers would be entitled each to one-sixth of one-fifth part of said land; that defendants R. M. Flowers, Annie Frances Flowers and Bernice Flowers, minors, would be entitled to a one-sixth of one-fifth part thereof, subject to a life interest of 1-3 therein in favor of defendant Luby F. Flowers.

It is further alleged in the alternative that if the Johnson heirs, who are parties to this suit, are found by the court to be entitled to an interest in said lands, then the ownership of said lands by the parties plaintiff and defendant herein would be as follows:
H. W. Butts, Julia Catherine Butts, the Heirs of Henry Butts deceased, jointly; the Heirs of N. Ellen Jones, deceased, jointly; and the Heirs of Mary Frances Flowers, deceased, jointly, as named in plain-
